

1

So the creation of the heavens and the earth and everything in them was **completed**. On the seventh day God had **finished** His work of creation, so He **rested** from all His work. And God blessed the seventh day and declared it holy, because it was the day when He **rested** from all His work of creation.

Genesis 2:1-3

God's Law of Completion

- God's work of creation was **finished** on the 7th day of creation week. Genesis 2:1-3
- God's work of salvation was **finished** on the day Jesus rose from the dead. Hebrews 1:3

Nothing else is needed.

God's Law of Completion

What does it mean for us?

- Creation was complete. Nothing more needed to be made. Evolution is contrary to this concept.
- Christ Jesus paid the entire penalty for our sins and gave us salvation. Nothing more needs to be done except to receive the gift of salvation.

God saved you by His grace when you believed. And you can't take credit for this; it is a gift from God. Salvation is not a reward for the good things we have done, so none of us can boast about it. Ephesians 2:8-9

God's Law of Completion

What does it mean for us?

- It is also when the **First Law of Thermodynamics** was initiated ... on the day God rested from His creative work.

First Law of Thermodynamics

Energy and matter cannot be created or destroyed; it can only be converted from one form to another.

7

First Law of Thermodynamics

$$\Delta Q = \Delta U + W$$

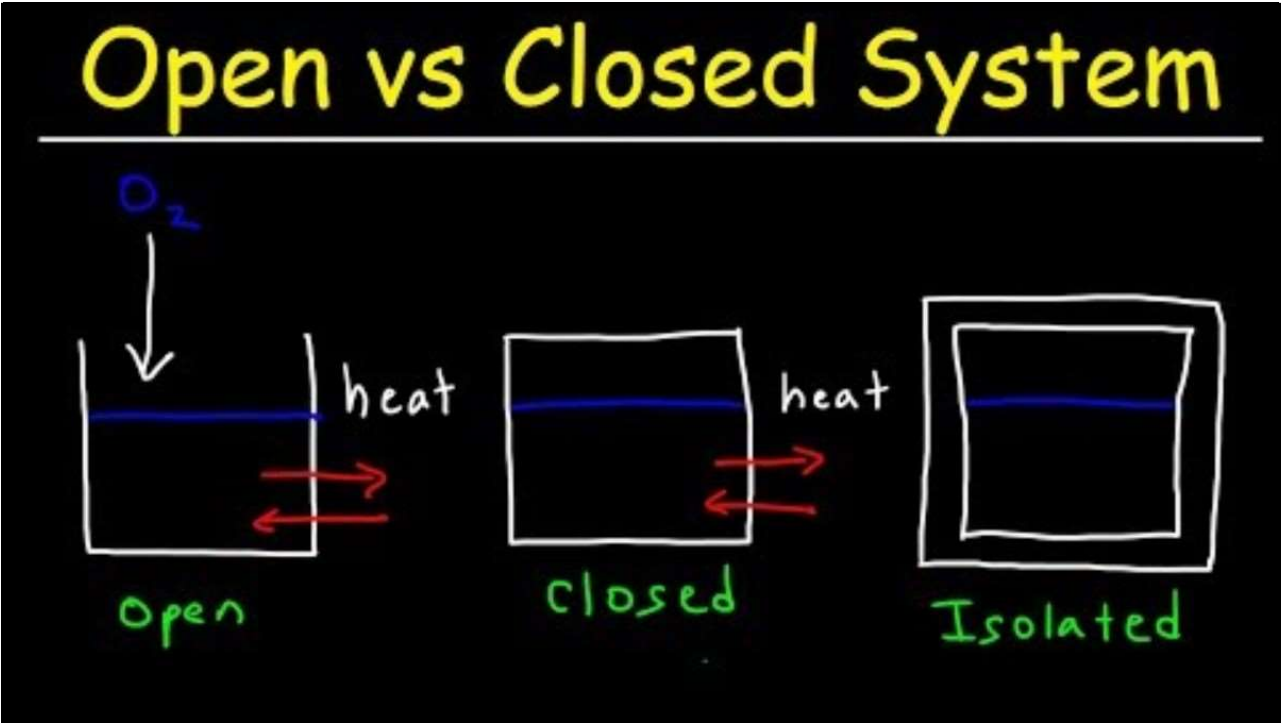

$$\Delta U = \Delta Q - W$$

ΔQ = the heat given or lost

ΔU = the change in internal energy

W = the work done

The Physical Universe is an Isolated System

A diagram of a rectangular box representing the physical universe. A blue horizontal line inside the box represents the liquid level. A green 'X' is placed above the box with an arrow pointing down into it, labeled O_2 . A red arrow points horizontally out of the right side of the box, with a green 'X' placed over it. The word "Isolated" is written in blue and underlined above the box.

Only God can step into an Isolated System and, when He does ... extraordinary things happen.
